

RIPPER

Ripper is a Nova Scotia Duck Tolling Retriever! That's a big name for any dog, let alone a 40-pound red and white retriever. Born May 14, 2007 just outside of Montreal Canada, Ripper was actually suppose to be a girl, Stripper, but upon testing the litter he turned out to be the best puppy. So Stripper became Ripper!

Right away Ripper was a quick study, and before the age of three he had earned his Championship in the breed ring, a Junior Hunt title, a CD in obedience, and became an agility champion in both the United States Dog Agility Association and the American Kennel Club.

Ripper has a very mischievous personality and loves water of any

type: hose, pool, lake or the beach! He will play fetch until your arm falls off, and just about hold anything you want him to hold. And he is a quick study, being that he is clicker trained.

Ripper feels very fortunate to have found a loving home and sport he loves, so when the opportunity arose to help educate humans about comparative oncology he jumped at the chance to help.

A few of Ripper's Agility Accomplishments include -

2010 4th Place Finish AKC Agility Invitational
